What plants need for growth [motion picture]
2nd ed. Chicago: Encyclopaedia Britannica

Educational Corporation distributed by
Visual Education Centre. 1982. 1 reel
(11 min.): sd., col., 16mm.

SUMMARY: Uses time-lapse photography,
laboratory investigation and the
observation of plants in controlled en-
vironments to demonstrate the dependence
of growing things on water, air, light,
food and warmth. Shows how plants
fail under conditions which deprive
them of these essential elements. Also
illustrates the ways in which food
supply is enhanced by controlling water
and plant nutrition.

What's a good book? [motion picture]

selecting books for children

/Dayton and Montgomery County Public
Library. Weston, Conn.: Weston Woods
Studios; distributed by Weston Woods.

c1982 1 reel (7 min.): sd., color, 16mm.
SUMMARY: Presents librarians, authors and
college professors addressing the question
of what constitutes a good book for children,
citing literary quality, incidents linking
plot with life and a book's ability to
fulfill a particular purpose. Stresses the
importance of knowing the community, talking
with children, understanding their development
and being open to change.

Where's Shelley? [motion picture]

[produced by] The Filmmakers, Inc.

Minneapolis: Johnson Institute, Inc.;

distributed by Kinetic Film Enterprises
Ltd. c1983 1 reel (13 min.): sd.,
color, 16mm.
SUMMARY: An open-ended film about four
students aged 9 to 11 who meet after school
in their clubhouse and talk about drinking
beer and smoking marijuana. Each reflects
through a flashback, on events in his or
her life. Peer pressure, family situations,
feelings about themselves and troubles
they face are presented, as each arrives
at a decision while waiting for Shelley
and the beer.
